Welcome to the first issue of *OntarioNews North.com ON THE ROAD* our new monthly printed publication which will be distributed.

A big **Thank You** to all the advertisers who are taking advantage of the benefits of having their ads appear both in print and online at no extra cost, your support means we can now offer Northshore residents yet

another place to find the news and information that is important to them.

You will notice that articles included here are condensed or more regionally inspired versions of those on www.OntarioNewsNorth.com, you are invited to visit the site, and our related social utilities, to find more information, photos and videos related to daily articles.

Please visit the site to click the advertisements you've seen in '*OntarioNewsNorth.com On the Road*' for links to advertisers' websites or more information on their products and/or services.

We encourage readers to submit their stories, photos or videos to have them shared here and/or on the site. Please see the back page of this publication to learn more about everywhere online [OntarioNewsNorth.com](http://www.OntarioNewsNorth.com) is connecting you to news and information that is relevant to your Northshore and Greenstone communities.

Be sure to watch for our Holiday Issue of '*Ontario NewsNorth.com On the Road*' in your community the week of December 3rd. For more information regarding advertising opportunities or to place a holiday greeting on behalf of your business, organization or family please see the back of this publication for contact information.

Thanks for reading the inaugural issue of '*Ontario NewsNorth.com On the Road*' keep it on hand to be sure you don't miss any of the great things happening in YOUR community this month (see calendar inside).

Karina Hunter, Editor

Northshore Trick or Eaters Collect \$16,000+ Worth of Food!

Successful Trick or Eat (ToE) food drives were held in Marathon and Manitouwadge again this year. In Terrace Bay where St. Martin elementary school Principal Kerry Robinson-Desjardins organized the community's 1st Trick or Eat, the event was equally effectual.

Manitouwadge and Terrace Bay residents were visited by the costumed canvassers Monday, October 29th while Marathon residents had their food bank donations collected the 31st. The combined total estimated value of non-perishable foods collected for the 3 food banks was more than \$16,000! Congratulations to all those who supported their local 2012 Trick or Eat food drive.

For more photos and individual community totals search “Trick or Eat” at OntarioNewsNorth.com.

NDP NPD

Welcome to Crossover Video and Games!

Located in Marathon, we are the Northshore's one stop destination for entertainment! We rent and sell movies and games as well as game consoles and accessories. To those with a refined sweet tooth, we've become well known for our

wide selection of unique, retro and foreign candy while Marathon entertainment buffs know Crossover Video is **the** place in Marathon to purchase tickets to Manitouwadge's *Nite on the Town Entertainment Series*, the only series of its kind on the Northshore outside Thunder Bay.

November will be a very exciting month for movie and game lovers as a number of very big titles are released. On the right are a few of the key titles to look forward to this month.

Next time you find yourself in town, pay us a visit in the Superior Place Mall (adjacent to Canadian Tire) in Marathon. And don't forget, we offer **FREE SHIPPING** to all nearby Northshore communities. Call (807) 230-9093 for full details, our friendly staff looks forward to serving you!

ONLINE check out the *Crossover Insider* each week on www.OntarioNewsNorth.com for an insider's look at the week's new movie and game releases including all their trailers in one place. The *CI* is also where you'll learn about in-store promotions and special events, community collaborations and Marathon District Chamber of Commerce happenings. While online be sure to 'Like' us at www.facebook.com/CrossoverVideoAndGames.

Manitouwadge Businesses Supporting Local Causes

THREADS volunteer operator Linda Gilles-Jalbert was excited to announce recently that she had new retail items available at the 2nd hand clothing and house wares shop she created to raise funds for the Manitouwadge Museum.

Louis Bérubé, Owner /Operator of **Freehawk Enterprises** (an outdoor clothing and sporting goods store) was dropping off a personal donation when he asked Jalbert if she would be interested in re-selling slightly imperfect or discontinued items from his downtown business – Jalbert jumped on the opportunity. Bérubé explained that he would normally return such items for credit from the manufacturer but that, for smaller apparel or sport accessories (like a pair of mittens which had a pulled seam which he had repaired before donating), the costs and time involved in returning the items were sometimes greater than the credit he would receive. For Jalbert new items are appealing for a number of reasons not least of which is the added traffic and interest they create for Threads. During a conversation with Jalbert, Bérubé realized she could likely also make use of some display racks he was no longer using in the store and donated those as well. “It seems like a win-win situation” was a comment reiterated by both store owners who are being mutually promoted through the arrangement while creating new community relationships.

Economic Development Assistant Karen Robinson was thrilled when **Village Pizza and Submarines** Owner/Operator Shamm Jackson approached her with an idea for a Holiday Promotion at his restaurant which will serve as a fundraiser for the Township’s BizKid\$ program. Jackson first became involved with the local BizKid\$ program, which helps young entrepreneurs learn about business development and ownership, this summer when a group of participants visited his downtown restaurant.

How will the funds raised be used? EDA Karen Robinson explained to Ontario NewsNorth.com that the day camp she had offered this summer was assisted by a Local Initiative grant from Superior North CFDC and that to continue offering similar camps they would need to find alternative funding sources. “We’re planning on running the program for 9-12 year olds again next year but that’s just a small part of what is in development” said Robinson “I’m also looking into offering a shorter program for younger kids in 2013 – any outside contributions are much appreciated”. Keep reading OntarioNewsNorth.com for full details of the Village’s Holiday promotion, for now we can only share that: there are 8 wheels and 2 motors involved and you won’t want to miss your chance to enter!

2012 Ontario Fire Season Report

The ministry of Natural Resources released the following report following the official end of the 2012 Fire Season, October 31st.

The 2012 forest fire season recorded a greater number of fires compared to 2011 but with a much smaller area burned. At the end of the season, October 31st, there had been 1,611 wildfires recorded during 2012 affecting a total area of 151,181 hectares. Causes have been identified for 1,550 of these fires; 964 were caused by lightning and 586 were attributed to human causes.

On the whole, it was a more “normal” fire season despite fire activity running ahead of the ten-year averages for number of fires and hectares burned. However, there were periods of heightened activity and major fires that posed serious risks to several communities.

Ontario Forest Fires

Year	Fires	Hectares
2011 to date	1,330	635,373
10 year avg to date	1,093	139,310
2012 to date	1,611	151,181

When fire activity was at its busiest, Ontario supplemented its own firefighting resources with personnel and aircraft from other agencies.

Firefighting staff from Alberta, British Columbia, Manitoba, Minnesota, New Brunswick, Saskatchewan and Parks Canada spent 3,671 person days working in the province.

During quieter periods, Ontario assisted neighbouring states and other Canadian provinces. Personnel from Ontario spent 1,086 person days working outside the province. Ontario provided assistance to Alberta, British Columbia, Minnesota and the Northwest Territories.

Operational spending for the 2012 fire season is estimated at approximately \$159 million. This compares to approximately \$229 million that was spent in 2011. Fire season spending is highly-variable and depends on seasonal activity. Adjusting for inflation, program spending has averaged approximately \$137 million annually during the last ten years.

With the 2012 fire season completed, equipment is now being recycled and aircraft are undergoing maintenance. Fire program personnel are moving ahead with required training and upgrading in preparation for the 2013 season.

Search “2012 Fire season” on www.OntarioNewsNorth.com for detailed Northwest and Northeast Region 2012 fire season reports.

Watch for the Holiday Issue of 'OntarioNewsNorth.com On The Road' in YOUR community the week of December 3rd
